## Enhanced dental benefits for those who need them most

A variety of medical conditions have oral-health implications. Your group dental coverage includes Delta Dental of Wisconsin's Evidence-Based Integrated Care Plan (EBICP), which provides additional cleaning(s) and/or fluoride treatments to people with these conditions. Enhanced benefits can play an important role in the management of certain medical conditions.

If you or an individual on your plan have one or more of these conditions you can enroll online. Once you enroll, you are immediately eligible for EBICP benefits.

### How to enroll

- Go to [deltadentalwi.com](http://deltadentalwi.com).
- Click on the "I Am A ... Member" link.
- Sign in to the Member Connection using your member ID and password. If you don't have a member ID and password you'll need to establish one before you proceed.
- Click on the "Enhanced Benefits" tab at the top of the Member Connection home page. Note: If your plan does not have EBICP, the "Enhanced Benefits" tab will not appear on your Member Connection page.
- On the "Enhanced Benefits" page, choose the member(s) receiving the enhanced benefits and the qualifying health condition(s).
- Once enrolled the registered member(s) will be immediately eligible for the enhanced benefits.
